'the best memoirs of 2019 five books expert

remendations

May 31st, 2020 - memoirs are more personal
memoir often is just a certain sliver of a
person's life not the story of one's entire
life autobiography usually doesn't involve
a person's inner life as much or emotional
journey as a memoir does and with memoir
there's a lot more leeway as to how you
might tell the story'
