## **Amazon com Topology Undergraduate Texts in Mathematics**

*December 14th, 2012 - This is the most pleasurable text on general topology you are likely to find  
Just for the sections on Urysohn s Lemma Tietze s Extension and Tychonoff s Theorem alone this  
book is worth owning it contains the nicest proofs of these theorems I have ever seen The book is  
packed with revealing''***Topology James Dugundji 9780697068897 Amazon com Books**
