'qanon and the emergence of the
unreal journal of design
May 31st, 2020 - dr judith donath
former mit media lab professor and
alumna researcher at the harvard
berkman klein center for internet
and society author of the social
machine expands on her current
research on signalling theory to
explore the idea of the deep fake
and to examine our relationship

with video as an arbiter of truth
arguing that we must move from
understanding video as reality
to 'from the history of science to
the history of knowledge

January 5th, 2017 - the history of
knowledge prizes the history of
institutions in which knowledge is
produced and transmitted this is an
essential but hitherto neglected
aspect of cultural evolution taking
this aspect into account one is led
to the concept of extended
evolution which integrates the
perspectives of niche construction
and plex regulative networks''**post
truth aikens imgpay me**

May 31st, 2020 - post truth is a

philosophical and political concept
for the disappearance of shared
objective standards for truth and
the circuitous slippage between
facts or alt facts knowledge
opinion belief and truth post truth
discourse is often contrasted with
the forms taken by scientific
methods and inquiry post
truth''truth

May 14th, 2020 - truth is most
often used to mean being in accord
with fact or reality or fidelity to
an original or standard truth is
also sometimes defined in modern
contexts as an idea of truth to
self or authenticity truth is
usually held to be opposite to

falsehood which correspondingly can also suggest a logical factual or ethical meaning the concept of truth is discussed and debated in' 'conflict resolution in a changing world international

May 27th, 2020 - mittee on international conflict resolution the world has transformed rapidly in the decade since the end of the cold war an old system is gone and although it is easy to identify what has changed it is not yet clear that a new system has taken its place'
