ethical decision  
making**

**May 30th, 2020 -  
rather than putting ai  
in charge of ethical  
decision making the  
better option is to  
train it to identify  
examples of ethical  
or unethical  
behavior and leave it  
up to humans to  
make decisions'**

### **'moral responsibility**

March 22nd, 2020 - in  
philosophy moral  
responsibility is the

---

---

status of morally deserving praise blame reward or punishment for an act or omission performed or neglected in accordance with one's moral obligations deciding what if anything counts as morally obligatory is a principal concern of ethics philosophers refer to people who have moral responsibility for an action as moral agents'

**'ethics of an artificial person lost responsibility in**

May 25th, 2020 - this book focuses on the moral issue of how we can and should locate responsibility for the actions of artificial persons the author argues that conceiving this question in terms of roles which may have their own moralities blocks the kind of moral criticism we want to make for there is a deep and intractable dissonance between role moralities and moral theory'

**'artificial intelligence and ethics markkula center for**

May 31st, 2020 - the markkula center for applied ethics recently

---
