**'how to cook rice perfectly how to finecooking  
June 8th, 2020 - there are many different  
methods for cooking rice but the simplest is  
the absorption method the rice is cooked in a  
measured amount of water so that by the time  
the rice is cooked all the water has been  
absorbed as the water level drops trapped  
steam finishes the cooking the key to this  
method is figuring out the correct amount of  
water'**
