willie reardon blog

May 2nd, 2020 - making a diagnosis is after many years of experience often more an intuitive process than it is a function of informed reasoning the new edition of the bedside dysmorphologist ing 8 years after the first edition should therefore reflect the further gradual enlightenment of its ageing author similar sentiments were expressed recently by a retiring psychiatrist colleague who bemoaned' **'book**

review the bedside dysmorphologist
the mmr

April 29th, 2020 - the bedside
dysmorphologist by dr william
reardon is a great book about
diagnosing malformation syndromes
at the bedside it is only about
300 pages long but it is packed
with essential clinical pearls
unlike other books in the field
which break things down by
syndromes this book delves into
the differential diagnosis based
on clinical presentations'
