'rogers handbook of pediatric intensive care shaffner md

May 18th, 2020 - this book is probably a decent quick reference resource but it isn't a great text for learning pediatric critical care i think plex topics such as congenital heart disease and post cardiac surgery care really require detailed diagrams to make clear how all the tubes are

connected while respiratory and cardiac physiology are really best taught with diagrams explaining the relationships' **'rogers handbook of pediatric intensive care nichols**
