**June 2nd, 2020 - in one heartfelt swoop linda darty has gathered and  
confessed enameling the art of fusing glass onto metal to create  
colorful and imaginative designs is one of the oldest methods used to  
decorate metal by updating what should have already been known  
fortunately ms darty is one among few with enough confidence and  
experience to anticipate advancement of the field with more fact than  
fiction'**
