April 15th, 2020 - digging the dirt is an exquisitely written labour of love part history of archaeological thought heavy on dirt reporting risqué interpretation and part personal voyage clearly wallowing in the romance of the past the author gleefully shares her adventures and intellectual awakenings from helen s troy to the politically charged excavation of the sea peoples town of el ahwat in

israel''dr jennifer wallace
peterhouse cambridge

May 19th, 2020 - this work on
hellenism led wallace to be
interested in archaeology in
general and the way in which the
archaeological imagination shares
correspondences with the literary
imagination her book digging the
dirt the archaeological imagination
duckworth 2004 ranges from
stonehenge to ground zero exploring
among others issues of memory'

'digging archaeology a report from
the trenches

May 25th, 2020 - it is difficult to
answer this question since it holds
within it a premise that
archaeological digging is similar
to treasure hunting in treasure
hunting as we all know from books
and movies you start with a pirate
map and it tells you where to dig x
marks the spot and underneath are
the gold coins and jewels'

'reveal archaeologists dig into
data not dirt esri

May 22nd, 2020 - archaeologists
face a stereotype that focuses on
digging and ignores the field s
broader mission to study how people
lived and adapted over time and to
learn why cultures e and go much of

today s archaeological research involves deeper explorations of known sites and broader research into networks of sites'

'the archaeological imagination pia journal co uk
