**convolution systems introduced in control theory by  
Callier Desoer and of the reachable set of a linear  
system" *Linear system theory Frank M Callier Charles A  
Desoer***

*April 29th, 2018 - The adaptive control is used to realize  
complete synchronization of chaotic complex nonlinear  
systems with uncertain parameters 13 It is well known that the  
theory of the design of observers although not fully exploited*

---

---

*is a relatively well studied branch of the system theory and is widely used in the control of dynamical systems 14 15*

**'Charles A Desoer EECS at UC Berkeley**

April 28th, 2018 - Charles A Desoer Professor Emeritus

design and control of linear and nonlinear circuits and

systems L A Zadeh and C A Desoer Linear System Theory"
